e-mail at **ddiller@suttongarten.com**, and get  
ready to learn the art of welding!

#### **ABOUT THE INSTRUCTOR:**

Dave Diller has worked for Sutton Garten for over 40 years and is an AWS & CWI certified instructor. Dave brings a vast knowledge of technical and practical skills to each student. He is capable of training students without any experience as well as provide certifications for highly skilled welders. Dave believes most of the time spent educating students should be "hands on" and working in our lab.
